

# External Actors in South Asia

Project Title	External Actors in South Asia
Project Summary	Determine the extent of current research on external actors in South Asia, identify areas most lacking in current research, and identify activities, goals, and intent of external actors in South Asia.
Country	United States
Country/Region of Focus	South Asia

## Project Description

This project will be completed in three phases and the intern will work with the National Intelligence Manager for South Asia staff to establish a baseline for research and open source knowledge on the activities, goals, and intent of outside countries in South Asia.

Phase one will consist of a survey of current research to determine which areas have adequate coverage of the external actor issue and which areas are currently lacking.

Phase two will focus on identifying areas that need more research and develop proposals for filling in these gaps.

Phase three will consolidate the findings of phases one and two into multiple reports. Particular emphasis throughout will be on creating short and easy to understand information papers or visualizations that convey the results in a straightforward form for policymakers.
